

Mental Health Support

If you need support, our mental health team is here for you!

Our mental health professionals provide immediate and responsive interventions such as bridge therapy and medication management. We also assist in finding the right care for you and your financial situation, should you need additional support.

Our team can assist you with:

- Depression
- Mood disorders
- Anxiety
- ADHD
- Insomnia
- Dealing with grief

To connect with a provider, please send us a message through the app, or call us. If it's afterhours, our team will work to get you scheduled with a mental health provider within 12 hours of your message being received.

Log in to your Amaze account to connect with our mental health team. You can send us a message or connect through a call. Our team is here to help!
